

## 10 YEARS OF EXPERIENCE

Providing Tuition Fee and entry requirement data to UK institutions for the last 10 years

Two Excel databases listing courses and fees at UK HEIs

Circa **22,000 UG & 15,000 PGT** courses at

# 180

UK institutions

A non-standard fees column for UG database for easier numerical analysis

PG filters to identify study mode, length of study, enrolment date and teaching model

"The datasets have made a huge impact on our university fee setting decisions. TKP has kept us well-informed on the fees collection progress, helping us plan our analysis and report the findings in a timely manner"

**Business Insight Manager,  
University in South West England**

An important tool for the tuition fee setting process

A valuable resource to support new course development research

Options to add data for previous years and university & subject metrics

**Choose the right tool for the task**

### Undergraduate

A database of full-time degree level courses, with options to view international tuition fees data, entry requirements information, or both!

### Postgraduate Taught

A database of all Postgraduate Taught courses offered, with listings of:

- UK and International tuition fees
- Alumni discounts
- UK academic entry requirements and English language (IELTS) requirements
- Course structure – delivery method (e.g. online, campus-based), study mode, length and start date period (e.g. Autumn, Winter, Multiple)

### Combination

Discounts available for purchasing multiple tools together

### Integrated Add-on

Option to additionally integrate data on university and subject league table ranks and student satisfaction

BENCHMARK	EXAMINE	EXPLORE	IDENTIFY	DISCOVER	ACCESS	FILTER	COMPARE
Benchmark your fees & entry requirements against other providers	Examine alumni discounts for PGT entrants	Explore competitor approaches to EU fees post Brexit	Identify courses with different enrolment dates for the 2022/23 cycle	Discover newly emerging course areas and assess the level of competition	Easily access further information through indiv. course page URLs	Easily filter subject or institutional groups	Compare the length of study of full-time PGT courses
